

Cancellation Policy

Our practice values being able to provide each patient the best care at an efficient and timely manner. In order for us to provide you and other patients with the best care and keep costs down, we ask for a notice of 24 hours in advance for any changes of your appointment. When an appointment is broken without 24 hours notice it is unfair to the patients waiting to get in for needed dental care, and to our staff. When a cancellation has been made without a 24 hour notice it is necessary to charge the patient an office fee of \$50. Please sign and date below to show that you are aware and understand our cancellation policy. Thank you.
